Friends, Have you seen whats new in the Fireplace Industry? Gas stoves that cost a nickel per hour to heat, wood stoves that light themselves, and have 12 hour burn times. How about the Foxfire pellet stove, with 50,000 BTU, a see thru hopper lid and a built-in thermostat!. We have all this and more! And the best part; all OUR products are 100% MADE in the USA!

We cover your warranty and service what we sell.
